The "father" and world guru of Japanese Candle Stick charting Steve Nison (USA) is teaching his first and only South African seminar in person! A rare and unique opportunity to learn Steve's revolutionary techniques on how to successfully trade in any market (JSE, US Dow, S&P, FTSE, SSF, FX etc.) using candle charts in combination with Western technical analysis. The 2 day interactive seminar covers the basics to very advanced techniques and strategies, including Q&A sessions. Steve says "As our clients frequently tell us, one good trade (or avoiding one bad trade!) more than paid for the course."

**IF YOU TRADE - YOU SIMPLY CAN NOT AFFORD TO MISS IT!**

**Steve Nison is THE source for candlestick training**

The first to reveal candles to the Western world

Has helped thousands of institutional and retail traders

Steve will help you achieve trading success faster than you ever thought possible

**Don't miss Steve Nison's first South African seminar!**

**"He who is well prepared  
has won half the battle."  
(Japanese proverb)**

In the battle of the markets  
you must have better, faster  
and more accurate  
information than your  
opponents.

**SEMINAR BENEFITS**

- Pinpoint critical market trading opportunities as they arise and have the confidence to take advantage of these golden trade opportunities.
- Spot key market turns before other traders see them.
- Implement Steve's most exclusive candlestick formation.
- Make informed and accurate trading decisions based on candlestick and western technical analysis.
- Discover the one rule every trader ignores at their own peril.
- Understand the importance of convergence of signals for confirmation of support and resistance.
- Combine candlesticks with their favorite forms of Western technical and/or fundamental analysis.
- Avoid the mistakes made by those with a limited knowledge of candlesticks.
- When to act on, and when to ignore, a candlestick signal.
- Determine pivotal support and resistance.
- Improve timing entering and exiting the market.

**SEMINAR OVERVIEW**

The hands-on intensive workshop explores every avenue of candlestick charting and Western technical analysis in both theory and practice. Each session includes specific learning objectives, key terms, clear-cut instruction, and practical applications, including JSE markets. Students will learn in an easy to understand, step-by-step process. Scores of illustrations, actual market examples and hands-on practice will show them how to use these powerful tools to improve trading. All techniques can be applied to any market and any timeframe. There are some subtle differences on using candles in forex and intraday trading which are detailed in the seminar.

**ABOUT STEVE NISON (Steve Nison, CMT: President - Candlecharts.com)**

Steve Nison is uniquely qualified to help you fully exploit the opportunities candlestick charts present to today's markets. As a renowned author and speaker, he has the distinction of introducing candlestick charts to the Western world. Mr Nison has authored three acclaimed books including Japanese Candlestick Charting Technique. His books have been translated into nine languages with sales of over 100,000 copies. Mr Nison is not only the acknowledged master of these previously secret candlestick techniques, but is also an expert on Western technical analysis with over 30 years real world experience. Regarded as one of the most foremost technical analysts in the world, Mr Nison's client list includes Fidelity, J.P. Morgan, Goldman Sachs, Morgan Stanley, NYSE and NASDAQ market makers, hedge funds and money managers. His work has been highlighted in The Wall Street Journal, Worth Magazine, Institutional Investor and Barron's. Nison has appeared numerous times on CNBC, and his segment on FNN (the precursor to CNBC) brought in the most viewers that network ever had. Mr Nison's sold out seminars have been hailed as the most valuable and entertaining in the industry. He has presented his trading strategies in 20 countries to traders from almost every investment firm on how to apply - and profit from - these methods. He has also lectured at numerous universities including Baruch and Cornell. And he was guest speaker at the World Bank and the Federal Reserve. He holds an M.B.A. in Finance and Investments.
